

Meet Denmark's leading bioscience researchers at BIO-UCPH

Monday October 30th from 14.30-17.00 in the Biocenter, Copenhagen

Experience what the biosciences research environment at the Department of Biology has to offer. Get input for your R&D-demanding projects and explore collaborative opportunities.

Program highlights

- ★ 2018 Innovation Fund Denmark information by vice president Tore Duvold
- ★ Research frontiers & technology pitches
- ★ Partnering sessions & knowledge input
- ★ Collaboration opportunities

Examples of themes covered

Track 1 – Biotech advances, bioinformatics & biomolecular sciences

- ★ Advanced imaging
- ★ Disease models
- ★ Genomics & transcriptomics
- ★ Bioinformatics
- ★ Protein structure & enzymes
- ★ Microbial consortia & new fermentation principles

Track 2 – Bioagriculture, ecosystem stress & nature management

- ★ Environmental DNA & applications
- ★ Ecotoxicology
- ★ Ecosystem stressors and impact analysis
- ★ Marine microorganisms
- ★ Field data sampling
- ★ Evidence based natural resource management

Time & venue

Monday October 30th from 14.30-17.00
Biocenter room 1.1.13
Department of Biology (BIO-UCPH)
University of Copenhagen
Ole Maaløes Vej 5, 2200 København N

Contact

Please contact Esben Flindt (enf@bio.ku.dk;
M: 4047 3773) for more information or if
you wish to book face-to-face meetings with
BIO-UCPH researchers in advance.

Sign-up (free of charge) & full program at
