

New Updates in Drug Formulation & Bioavailability

April 3rd 2019, Medicon Valley Alliance
Ørestad/Copenhagen

Moderator:
Korbinian Löbmann
Associate Professor
Department of Pharmacy,
University of Copenhagen

New updates in Drug Formulation & Bioavailability is a platform based on the concept of synergies between "science" and "business". The topics will focus on advancements in formulations and cutting edge technologies that can allow cheaper, safer and effective drugs.

Meet R&D people, the pharma industry, increase your awareness and gain more knowledge about this exciting topic.

The meeting will include pre-bookable face-to-face meetings and will be covered by the media.
