

# The future of SWEDISH & DANISH Life Science

April 4 2019, Medicon Village, Lund

Moderator:  
Hanna Brodda,  
Editor in Chief,  
Life Science Sweden  
with Kemivärlden

## PROGRAMME

8.00 Registration, partnering meetings and networking at the exhibition

8.55 Nasdaq opening ceremony, Maria Groshopp Dellwik, Nasdaq Stockholm

9.00 Welcome and introduction, Life Science Sweden with Kemivärlden and Kerstin Jakobsson, CEO Medicon Village Innovation

9.15 Carl Borrebaeck, Department of Immunotechnology, Lund University  
**Self-management of chronic pain using a multilevel artificial intelligence engine**

9:30 Anna Törner, SDS  
**Right First Time – the fastest way forward**

9.50 Karin Bryder, Invent Medic and Shahram Lavasani, Immune Biotech  
**Early involvement of patients is essential in shaping the innovation toward a true need**

10.20 Mark Snelgrove, Potter Clarkson  
**IP Collaborations – doing the deal. A practical look at IP collaborations and deal-making within the life science sector, with a focus on best practice tips and avoiding common pitfalls**

10.40 Coffee, partnering meetings and networking at the exhibition

11.10 Daniel Martinez Molina, Pelago Bioscience AB  
**Focus on the proteins – towards CETSA mediated prognostic markers in acute childhood leukemia**

11.35 Kajsa M Paulsson, Lund University  
**Hanseatic League of Science (HALOS) – a unique cross-border initiative for life science research and innovation**

11.50 Minna Komu, Business Oulu  
**Oulu – the forerunner in digital health**

12.05 Lunch, partnering meetings and networking at the exhibition

13.30 Göran Conradson, Ziccum AB  
**No patient should ever be an island**

13.50 Marianne Larsson, Innovation Skåne  
**Empowering the individual – patients and profession – to radically improve health and care. The Nordic frontier in new digital tools and progress**

14.05 Per-Anders Abrahamsson and Åsa Dahm, Peritus Clinic  
**How to ensure excellent research is implemented in the health care sector for the benefit of patients**

14.25 Coffee, partnering meetings and networking at the exhibition

14.55 Christian Clausen, Bioneer A/S  
**Catching the next technological wave in the Life Science industry – enabling the industry to move faster from bench to bedside**

15.15 Signe Humle Jørgensen, Trial Nation  
**Trial Nation – a successful national initiative to attract clinical trials to Denmark – why & how**

15.30 Ross Kettleborough, Twist Bioscience  
**Twist BioScience – The future of synthetic DNA**

15.50 Panel discussion – "How can Swedish and Danish collaboration in R&D and innovation make the patient a winner?"

16.15-17.30  
End of show, drinks and refreshments reception, networking at the exhibitions and partnering meetings
