

Invitation Bioagora 2019

BIO AGORA

by Biopeople

The main theme is autoimmune diseases, when Biopeople together with partners and sponsors invites you to attend Bioagora 2019

The theme is reflected by the two key-note speakers Magdalene Janina Laska, CSO at Aimvion and Thomas Vorup-Jensen, Professor at the Department of Biomedicine, Aarhus University.

Everyone (researchers, students, companies, patient organisations and other stakeholders) interested in health care research (not only autoimmune diseases) is most welcome to join the Bioagora 2019

Apply for an exhibition booth to display your science projects or results or sign up as a guest with a wish to meet and matchmake with [other] scientists, students, companies and other stakeholders from academia or the industry.

Apply for an exhibition booth, deadline 1 November 2019

Apply for an exhibition booth and we will confirm your booth after the application deadline. **Please note**, you can only register one person per booth. Additional attendees from your organisation will have to register as guests, see below.

[Apply for a booth through this link](#)

Register as a guest, deadline 8 November 2019

[Please use this registration link](#)

Please note: Free entrance and free lunch for all **registered** exhibitors and guests.

Service providers and other stakeholders are most welcome to sponsor the Bioagora: Learn more at www.bioagora.dk
