JOINT FDA-EMA SEMINAR

MAY 6-7, 2020
MINISTRY OF FOREIGN AFFAIRS
EIGTVED PAKHUS
COPENHAGEN, DENMARK

The Embassy of Denmark in Washington, DC is proud to present for the first time a seminar in collaboration with the U.S. Food and Drug Administration (FDA) and the European Medicines Agency (EMA).

The 2-day seminar will be led by FDA and EMA officials and include **preliminary topics** such as; Innovation, Regenerative Medicines, Precision Medicine, MRA and International Collaboration, Real-World Evidence, Oncology and Tumor Agnostic Development, Breakthrough PRIME, and Patient-Centric Regulatory work.

Why Attend?

- Understand the latest developments and critical changes underway to create successful strategies in the USA & Europe
- Benchmark your regulatory strategies against agency requirements
- Opportunity for brief one-on-one meetings with FDA & EMA officials

Registration fee = 7,000 DKK/person

- Covers 2-day seminar, all materials, lunches and refreshments.
- Seating is limited
