

Dear members of Dansk Biotek,

Greetings!

The Korea Trade-Investment Promotion Agency (KOTRA Copenhagen), a non-profit Korea Government organization that promotes trade and investment between European countries and Korea, is pleased to invite you to the 2021 Europe K-Medical Partnering in the period between 2nd and 5th November, 2021.

2021 Europe K-Medical Partnering is one of the events we are arranging in cooperation with the Embassy of the Republic of Korea in Copenhagen and our HQ in Seoul, Korea.

In order to make Korean companies discover and understand European medical market and related regulations by the EU, we provide a platform of matching the buyers with prospective Korean companies who wish to find and get the opportunities with partners in European medical market. Due to the pandemic resulting from restrictions of travelling abroad and considerations of health and safety protocols, the online seminar and 1:1 business meeting event will be conducted online.

We are going to hold 1-on-1 meetings between Danish partners and Korean promising companies. In this regard, we would appreciate it if you could let your personnel in charge of your department participate in the meetings as well. The list of Korean companies will be provided to potential Danish partners.

For more information, please do not hesitate to contact Martina Pihl Kjærsgård via email at mpk@kotra.dk or directly to her phone (+45) 3347 7229.

Taking into account your expertise in this field, we are hoping for your participation at this event.

Best regards,

Dooyung Hong
Director General
Korea Business Center Copenhagen
